

How long does it take for items to be reviewed?

Created by Corey Tutewiler

Last updated Nov 04, 2016

Gaggle Safety Representatives strive to have all items reviewed and false positive items released within two hours.

Also, Gaggle has developed ways to organize and prioritize queued communications, so that higher-risk items are reviewed first. For instance, any communications that are reviewed for text that has previously resulted in a Possible Student Situation are reviewed first, due to the greater likelihood of danger to students.
